USB Charging Port

Spout

Nozzle

Compartments

Silicone Tube ×2

Storage Bag

USB charging cable

How to Use

How to use
- Plug in the cable to charge the aerator.
- Attach the tube to the nozzle of the aerator.
- Secure the aerator onto the wine bottle.
- Press the dispense button to dispense; press again to stop. (The aerating indicator turns red during aeration)
- Clean the aerator by pumping water. Wipe the aerator with a clean cloth.

Troubleshooting Tips
- If dispensing fails, confirm a tight seal of the tube to the nozzle.
- When the battery indicator turns red, it indicates low battery. Please charge it promptly. The device fully charges in 3-4 hours and can dispense up to 80 wine bottles on a single charge.
- This device suits most standard wine bottles. Do not force the device onto an incompatible bottle.
